

Door Tablet WBX

Wayfinding Signage - For Common Areas

 DOOR TABLET

A compact device that runs on Microsoft Windows, for Door Tablet Wayfinding displays for public areas and touch kiosks.
Part of the Door Tablet WIN family

Easy to Install

Works “out of the box” with the Door Tablet system. Enables Wayfinding displays, welcome messaging and screensavers to be seen in your communal areas.

Slim, Hardened Design

Fits easily behind all displays using the supplied velcro fittings. A robust device that will survive knocks and bangs.

Remote Management

Manage the Door Tablet WBX remotely using the Door Tablet Web UI.

Wired Ethernet or Wi-Fi

Clean installation via two cables, with IEEE 802.11 standard. Wi-Fi connectivity also available, if desired.

Interactive or Read-Only

Use with the Door Tablet touch and non-touch displays for read-only or interactive Wayfinding.

eMMC Storage

No reason to panic in the event of a sudden power loss as the WBX has 32GB eMMC storage ensuring data is not corrupted.

Full HD and Multi-Screen

HDMI output ensures a crystal-clear display (up to 3840 x 2160 at 30Hz) and clarity of text. Easily connects to multiple screens via two HDMI outputs.

Low-Power System with Intel Processor

A fanless cooling system ensures silent running and ultra-low power consumption for ultimate power efficiency. With Intel inside you are assured a reliable system.
